Lonford C. Williams  
Salem City Council  
PO Box 123  
Salem, Montana 78910

Dear Mr. Williams:

Three months ago the Eastside Church of the Nazarene, of which I am the pastor, applied to the City Council for a permit to add a new wing to our building. We have not yet received permission to build, nor has the case been brought to the City Council.

We have been working with the zoning agency for the past year and have completed all the environmental impact statements. Our architectural plans were approved six months ago. In addition, we have met with the homeowners in our neighborhood, presented our plans, and adapted the off-street parking and landscaping to accommodate their wishes. Their approval statement, along with all the other documents mentioned above, was submitted to your Council in early March.

Our church has been raising money for three years, but groundbreaking has been delayed until we receive permission to build from the Salem City Council. Would you please place this item on the agenda for next week's meeting and encourage its adoption?

I have appreciated working with you for the betterment of our community.

Yours truly,

Pat Michael, Pastor
