

# Church Planting Movement Pathway (for the District)

## Evangelism & Multiplication Training

This day-and-a-half training will inspire and train everyday disciples to make disciples and plant churches as a natural expression of their lives.

## Church Plant Refresh

This day-and-a-half training follows up on the Dynamic Church Planting International training events. If you have attended a DCPI training and for whatever reason have not put God's vision into action, this training will help you do so.

## Churches Planting Churches

This two-and-a-half-day training event will inspire and train pastors to leverage their church's resources to plant new churches.

## Assessment Center

Every potential planter should attend an assessment. The assessment will help determine which potential planters have the greatest potential for church planting effectiveness.

## Church Planting Essentials

Effective new churches need church planters trained in the essentials of planting a new church. This two-and-a-half-day training event will give planters the basic tools and skills for planting a church.

## New Church Dynamics

After the launch day, the planter must grow the new church. This training occurs over two and a half days and will help planters develop the systems necessary to grow the new church.

## Church Planting Movement

Every new church should plant new churches! This two-and-a-half-day training event will inspire and help train planters to start a movement of new churches.

## Mentoring Church Planters

Every planter needs a mentor. This two-and-a-half-day training will help develop leaders who can mentor new church planters.
